Accounting Consultant Awarded National Instructor Certification

Diane C.O. Gilson, CPA, CIA (Certified QuickBooks® ProAdvisor) of Info Plus (+) AccountingSM PC, has been approved by the National Association of Home Builders (NAHB) to be a NAHB University Housing Instructor for their "Business Accounting and Job Cost" course.

This course is one of a series of classes that must be successfully completed by Builders and Remodelers who wish to achieve the status of Certified Graduate Builder (CGB) or Certified Graduate Remodeler (CGR). The prestigious CGB and CGB designation, earned by a limited number of builders and remodelers, indicates that they have achieved an advanced level of expertise and proficiency in their industry. Gilson's certification makes her one of only 34 nationally certified instructors for the course.

"We are so proud to have Diane Gilson of Info Plus (+) AccountingSM PC as a member of the HBA of Washtenaw County and honored that she has been selected to teach this class at the national level," says Christine Finkbeiner (Education Director, HBA of Washtenaw County).

Info Plus (+) AccountingSM PC, is a CPA firm located in Ann Arbor, Michigan. It focuses on "*harnessing the power of numbers*" for construction clients locally and nationwide by offering training, design, and a variety of other on-site and remote-connection accounting support services for QuickBooks® and Intuit® Master Builder™ software.
