Info Plus⁽⁺⁾ AccountingSM PC Unveils Accounting^{PRO}TM 2005

Accounting^{PRO}TM is a template that customizes QuickBooks[®] Pro for builders, remodelers, developers, and trade contractors to create a comprehensive accounting system. It helps business owners create accurate, detailed, useful job costing reports, month-end proofing, balancing and control procedures, and reports that are acceptable to bankers and tax preparers.

"QuickBooks[®] 2005 incorporates a variety of new features," says Diane CO Gilson, CPA, CIA, President. "We enhanced the newest version of Accounting^{PRO}TM so that users can take full advantage of the increased functionality in QuickBooks[®] 2005 which include screen modifications and Drop-down Menu revisions that allow for easier navigation of the template."

Info Plus⁽⁺⁾ AccountingSM PC works exclusively in QuickBooks[®] (a powerful, multi-functional software accounting system). They focus on helping clients achieve their business and financial goals by maximizing the value of an essential management tool, their accounting system. This is accomplished by providing accounting, reporting, consulting, design, and training services through on-site visits or via the Internet.
